

# Affect Eternity ministries

Taking the Good News of Jesus to kids everywhere!

## A Life Changing Day

*It was the fall of 1971 in a little Assembly of God church when a 9-year-old boy named Michael, from Gerber, California, came with his family on a Sunday night.*

*It was a familiar place to him.* Sunday School, Sunday morning, Sunday night, Wednesday night - church is where you would find him.

*This particular evening though, something was different.* As the service got underway, everyone stood for worship.

As the congregation began to sing, little Michael was overwhelmed by the presence of God; all he could do was weep through the entire song service. Then the pastor

came forward and began to preach; at the end of his message, he asked if anyone wanted to come forward to pray. ***Little Michael ran to the front and surrendered his life to Jesus Christ.***

***That boy was me!*** Jesus came into my life that night. I've never gotten over it, and I don't think you're supposed to!

***This summer, we did a Power Kyd Live event in the same area.*** Days before the event, I got to walk the streets of town and invite kids and families to our Saturday outreach.

I knocked on a door and a young boy answered. "Hi. What's your name?" I asked. "**Michael.**" "How old are you Michael?" "**Ten.**" "Do you live here in Gerber?" "**Yes.**"

"Michael, we have a lot in common: 45 years ago, I was a 10-year-old boy named Michael who lived in Gerber!"

I gave Michael a flyer and invited him to the event.

***When Saturday finally arrived, I was so excited to see Michael sitting in the second row. We shared the Gospel and gave an invitation to come forward to receive Christ. Children began to come forward to give their hearts to Jesus. Michael was among them and asked Jesus into his life that day!***

***The next day, I was privileged to speak in that same little church. I shared how God has led us on a journey to reach kids for Christ all over the country, and it began one Sunday night 46 years ago in the front of that very church where a young boy met Jesus.***

Mike

## About Us

### *Not just for churches!*

While we love to minister in churches with a traditional kids crusade, we also are excited when we are able to take part in community events and festivals. We have held Power Kyd Live events in schools and community centers as well as in parks and on the streets, gaining the attention of kids and adults who were passing by. *Jesus didn't limit his ministry to inside the church, and neither do we!*

We also love the opportunity to minister at camps. While the messages are still evangelistic, we have the opportunity to build on the foundation with deeper spiritual truths over the week. It is exciting to see kids respond to the Holy Spirit's tug on their hearts as they spend time around an altar in prayer.

Prayerfully consider including Power Kyd Live at your next outreach or camp. We travel and minister year-round, so contact us to see when we will be available in your area.

"I will not say at  
what age  
children are first  
capable of receiving the  
knowledge of Christ,  
but it is  
much earlier  
than some fancy."  
- Charles Spurgeon

## On the Road!

Our motorhome sold before our big trip. Thank you for praying!

We put the new bus to the test and it passed! It has already taken us over 4000 miles, through road construction and mountain roads, from Minnesota to California and back home with only a slight delay in Wyoming where we had to replace an expensive sensor.

As funds become available, we will be working on the kitchen and bathroom with plumbing, cabinets, a shower and sinks. When it is finished, it will enable us to travel year round much more economically than we have traveled in the past.

## Prayer Requests

*Please pray for:*

- Open doors
- Safety as we travel
- Fertile soil as we minister
- God's direction as we pray and target specific areas of the country
- Those who have received Jesus as Savior, that they will continue to grow in their walk with God
- The churches who have stepped out in faith to reach their communities
- Financial provision for ministry needs

“

The community of Karlstad, Minnesota was extremely blessed by Affect Eternity's "Power Kyd." Mike and Colleen Parker have done an amazing job with presenting the Gospel of Jesus Christ to kids in a powerful, relevant, and uncompromising way.

”

~Pastor Chris Thoresen

## Highlight from the Past

A six-year-old boy lived within two blocks of a church where we ministered, yet had never attended any church.

On the first night of our crusade, he readily received Jesus as his Lord with tears pouring down his face.

At the beginning of our last service, unbeknownst to us, he turned to a volunteer worker and asked, "Do I have to tell my friends about Jesus?" Our theme that night was evangelism, and we had chosen him as our volunteer for a powerful skit about the importance of sharing our faith.

We know God has His hand upon that young life!
