Taking the Good News of Jesus everywhere!
Salvation, Redemption, and a Spiritual Revival

There is a growing hunger

We have seen signs of a growing hunger in these United States. Not for a meal to satisfy the belly, but a spiritual hunger that can only be satisfied in Jesus Christ. Our travels have taken us through the southwest this year, holding kids' and family outreaches. It has been one of the busiest years I think we have ever had, seeing such hunger for Jesus, the altars flooded nearly every night, kids coming to Christ, and lives being set free.

I believe this is only the beginning, that this growing hunger will spread like a prairie fire in a strong wind, with revival sweeping across the land.

Are we ready? Jesus tells us that hungering and thirsting for the life-changing presence of God is what results in a changed life, living in righteousness.

Not everyone will be filled, but only those who truly hunger after the righteousness of God.

Blessed are those who hunger and thirst for righteousness, for they shall be filled. Matthew 5:6

If we are satisfied with yesterday's bread, that's what we're going to get.

There were some people in Jesus' day who followed Jesus, not to commit their lives to Him, but for what benefit they could receive. After Jesus fed the multitudes and everyone had their fill, the next day found this same crowd searching for Jesus, wanting another meal.

Jesus answered them..., "... you seek Me, not because you saw the signs, but because you ate of the loaves and were filled. John 6:26

And then Jesus responded with this:

Do not labor for the food which perishes, but for the food which endures to everlasting life..... John 6:27

Oh, that we may hunger and thirst for His Righteousness.

Some practical ways to grow in this direction include simply *asking God*, "Lord, give me a hunger for more of you." Next, *get rid of the junk food*: repent of those things that have occupied the wrong place our hearts. And then let's *work up a godly appetite*, spending daily time in His Word and involving ourselves in things that strengthen and lead others to Jesus.

Join Me!
I'm asking God for something BIG!

-Mike

Praying Across America 2023

Praying across America on a bicycle in 2020 was so eye-opening and powerful that we set aside 6 weeks to do it again this year. Instead of coast to coast, we traveled from Canada to Mexico pedaling and praying (Colleen drove the bus). Feeling the need to intercede for our country, we wanted to see and meet the people we were praying for.

We saw midwestern towns that are dying with churches that fear closure because their congregations are aging and families are moving away. We also saw thriving towns with growing churches and people being saved weekly. Churches in diverse situations are finding new ways to reach into their communities with the Gospel, meeting people where they are and partnering with other churches. The keys are fervent prayer, unity, and the power of the Holy Spirit!

Everywhere we go, there are people looking for hope. Let's be ready to share!

In South Dakota, we found an early morning men's Bible study - studying the book of Revelation. As they are recognizing the signs of the time, they say they now pray differently because they know the time is short.

While looking for an RV park in Kansas, we got directions from a young man who was very interested in bicycling. He was approaching his 40th birthday which caused him to stop and reevaluate his life. His heart was ready for a message of hope, and he rededicated his life to Christ that night.

We witnessed God's hand touching lives in so many ways across the country!

You can partner with us through:

- prayer
- financial support
- sharing our ministry with others
- inviting us to come minister with you

What we saw more than anything else this year, was kids who were hungry for God and more of God!
